MARCH 8, 2021**

Board members present were:

**Gregg Doty
John Henley, Jr.
Paul Blomgren
Mark Maddox
Bill Dean
Harold Sobotka**

Meeting opened at 8 PM by John. Minutes from last meeting on February 22, 2021 were approved by vote of the group.

The February Ham In The Park event was discussed. It was stated that the net control team of Gregg and Harold preformed satisfactorily. Paul said the field people did a good job, and it was a good exercise for all talking part. The APRS system seemed to work well also.

March Ham In The Park was discussed. One topic concerned improving communication between the field units and net control, and how that might be accomplished.

Bill discussed activities and plans for an exercise using GMRS and FRS methods of communication. Pros and cons of the various types of radios was discussed.

The March Ham In The Park event is scheduled for March 27th. The eastern portion of the region will be worked.

Summer Field Day in June, previously planned for a location near Winslow was discussed. Plans were made to visit the site and then possibly further consider the location. March 22 was decided to be the date to make a visit to the Winslow sight.

Being no further business, the meeting was adjourned at 8:24 PM.
